

# NAZIM ANSARI

## Senior Front-End Developer

✉ nazimansari.fr66@gmail.com

☎ +91- 9717220696

*Highly skilled web development professional with a strong focus on building and maintaining websites and mobile responsive applications, targeting challenging role in web development with a particular interest in UI/UX design and front-end development. Open to opportunities in diverse industries and functional areas.*

### PROFILE SUMMARY

- A competent professional offering over 13 years of extensive experience in web development, specializing in HTML5, CSS3, JavaScript, jQuery, and React, catering to diverse industries and functional areas
- Currently working as, a Senior Frontend Developer at Grapes Digital, responsible for building and maintaining web user interfaces using a wide range of technologies such as HTML5, CSS3, JavaScript, jQuery, React, and Bootstrap
- Expertise in translating client requirements into technical specifications, collaborating with cross-functional teams, and delivering high-quality solutions using Agile methodologies
- Recognized for strong communication and collaboration skills, as well as the capability to quickly learn and adapt to new technologies, ensuring adherence to coding standards through active involvement in code review processes
- Accomplished an achievement in the current role by successfully updating the website and creating new features to enhance user experience, showcased excellent leadership skills and a proven track record of effectively leading and motivating teams towards achieving project goals

**TECHNICAL SKILLS:** HTML, CSS/SCSS/ JavaScript/ES6, jQuery, React JS/ Next JS, Bootstrap, NPM/ Webpack, Angular

### CORE COMPETENCIES

UX, Design & Architecture

Agile & Scrum Methodologies

Applications Design & Development

Quality Assurance & Control

Requirement Gathering & Analysis

Application Deployment & Support

### WORK EXPERIENCE

Jan'12 to Apr'23

#### Grapes Digital | Sr. Frontend Developer

##### Key Result Areas:

- Utilized **expertise in HTML5, CSS3, JavaScript, jQuery, React, and Bootstrap** to build highly functional and visually appealing web user interfaces, ensured optimal user experience and seamless integration with back-end functionalities
- Collaborated with clients to understand their requirements, translated the same into technical specifications, and worked closely with cross-functional teams to deliver high-quality solutions
- Ensured adherence to coding standards by conducting code reviews, maintained code quality, and actively **participated in Agile methodologies**, contributed to sprint planning, stand-up meetings, and retrospectives
- Showcased strong teamwork and individual motivation, focused on continuous learning, active listening, and updated the website and implemented new features in collaboration with senior developers

##### Highlights:

- Successfully updated the website and implemented new features, which resulted in improved user experience, increased website traffic and enhanced client satisfaction
- Recognized for strong communication and collaboration skills, led effective cross-functional teamwork and efficient project delivery

#### Orange Information Solution | Junior Frontend Developer

##### Key Result Areas:

- Built and maintained websites for clients using HTML, CSS, jQuery, and JavaScript, ensured optimal functionality, user experience, and seamless integration with back-end functionalities
- Created and tested applications for websites, designed websites from scratch, and collaborated with cross-functional teams to deliver high-quality solutions

Dec'09 to Jan'12

### PROJECTS EXECUTED

**Eicher - Link (2022-23) | Technologies:** HTML5, CSS, Bootstrap, JavaScript, jQuery, React/Next Js

- Spearheaded the development of intuitive and globally applicable UI components
- Upheld stringent coding standards and ensured the delivery of high-quality code
- Effectively addressed and resolved bugs assigned by the QA team, ensured the smooth functioning of the application

- Managed the daily client interactions to gain insights into requirements, future plans, and implementation strategies

#### Luxury Ride - [Link](#) (2021-23) | **Technologies:** HTML5, CSS, Bootstrap, JavaScript, jQuery, Next js

- Developed intuitive and globally accessible UI components; maintained coding standards to deliver high-quality solutions
- Addressed the assigned bugs identified by the QA team; engaged in daily client interactions to gather requirements and discussed the implementation plans

#### Luxury Ride Inventory (2019-23) | **Technologies:** HTML5, CSS, Bootstrap, JavaScript, jQuery, React

- Created user-friendly and globally applicable UI components; upheld coding standards and ensure high-quality code implementation
- Addressed and resolved bugs assigned by the QA team
- Engaged in daily client interactions to understand requirements, discussed future plans, and provided updates on implementations

#### Fractify (2020-21) - [Link](#) | **Technologies:** HTML5, CSS, Bootstrap, JavaScript, jQuery, React/Next js

- Developed UI components that have a global reach and provided a user-friendly experience
- Maintained coding standards and ensured high-quality code for the UI components
- Addressed and resolved bugs assigned by the QA team to ensure a smooth user experience
- Engaged in daily client interactions to gather requirements, discussed future plans, and provided updates on implementations

#### Techmahindra - [Link](#) (2019-20) | **Technologies:** HTML5, CSS, CSS3, JavaScript, jQuery, Slick slider

- Developed responsive UI components that are compatible across multiple browsers, ensured a seamless user experience
- Implemented responsive web design principles to optimize website rendering on various devices, enhanced accessibility and usability
- Monitored website performance and promptly addressed any usability issues to improve overall site functionality
- Conducted thorough code reviews to ensure high-quality coding standards, identified areas for improvement and implemented best practices

#### Truebyl - [Link](#) (2020-20) | **Technologies:** HTML5, CSS, Bootstrap, JavaScript, jQuery, Angular

- Developed and delivered globally accessible and user-friendly UI components for enhanced user experience
- Maintained strict adherence to coding standards and implemented quality assurance measures to ensure the reliability and high-quality performance of the software
- Investigated and resolved bugs assigned by the QA team, ensured smooth and bug-free functionality of the application
- Fostered regular and proactive communication with clients, managed daily interactions to gain insights into their requirements, future plans, and implementation strategies

#### Maruti Suzuki NEXA - [Link](#) (2015-17) | **Technologies:** HTML5, SCSS, Bootstrap, JavaScript, jQuery, AJAX

- Leveraged third-party animation plugins and customized them to meet project requirements, enhanced visual appeal and user engagement
- Addressed and resolved browser compatibility issues to ensure consistent performance across different browsers
- Implemented interactivity in the user interface by utilizing JavaScript and jQuery, enriching the user experience and providing dynamic functionality
- Proactively resolved bugs and ensured cross-browser compatibility, conducted thorough testing and debugging to deliver a seamless experience across various browsers
